

- I would just like to thank The Kentish Match Company for taking all our empty cardboard boxes from J & H Convenience Store it saves us a lot of money if we dispose of them ourselves. I wished all the other were providing the same service.  
J Thind, J&H Convenience Store, Dover, Kent
- Kentish Match is a great supplier who can provide you with excellent customer service. The representative comes to take my order always on the agreed day and time. The stock levels are very good given the current market situation. The delivery is always on time. I would give them 10 out of 10 for everything they do. Great product range, great price and great service. I am and will be their loyal customer.  
  
Raj Nayi, Broadfield Newsagent & Post office, Crawley
- We have been ordering from The Kentish Match Company for nearly 10 years now. Their range has grown significantly over this period of time and they have a great range catering for most of our needs.  
The margins they work on are also good and they have a great range of price marked stock. Some of the items they stock are difficult if not impossible to purchase elsewhere.  
Phil is our rep for them and he is a very kind and considerate man whose approach is not pushy and he gives us honest advice.  
Their drivers are also kind and considerate. We have had awful experiences with our courier companies so I am speaking from experience.  
They have proven to be a lifeline especially through Covid lockdowns. Delivering what we wanted with the upmost of care.  
I really would be lost without them. Thank you for each and every member of staff for providing such great service.  
Sapna Patel, Eltham Park Londis, London
- My family has been dealing with Kentish Match for over 50 years. In that time the range of products they sell has altered significantly so they now compete in the current retail market at a high level. Myself, my father and my grandmother have all had dealings with Graham Smith over the years, who has always been accommodating and goes the extra mile with specific requests. More recently I have been dealing with Phil as our sales rep and Matthew in the office. Both are helpful with their guidance on the best products to stock.  
Kentish Match also re-use a lot of my opened cardboard boxes from previous orders and other suppliers. This saves me disposing of them and also helps the environment.  
Graham Margerum, Director of Margerums LTD, Canterbury, Kent
- We have been dealing with Kentish Match Company for over 20 years. Firstly, with Andy and more recently Phil. During that time not only have our reps been **excellent** but the company has shown a great deal of understanding as to how to work and deal with independent retailers. Long may this great relationship continue.
